## INTRODUCTION

Respected Sir / Madam,

What is most important for you at this moment? Yes! Right Now as you read this, what is the most important thing for you?

Health...Finance... Family... Social life? Yes, all of this is important, but the most important resource that all these things need is TIME! The greatest resource we have! which we have to utilize it wisely. We all have an equal quota of time but what matters most is, how we use it, where we use it and what for we use it. Hence the question, are we using it productively?

To establish a successful and balanced life in this ever advancing world, we have to utilize our time wisely and productively so that everyone can focus on their core business. Time mismanagement can create a deep impact on your personal and professional life. For example - wasting time on solving complications, financial issues, difficulties in the growth of a business, unwanted legal and criminal issues and it's effect on happiness and quality of life.

To manage your time and create a Secure and Productive environment, we Maximum Integrated Solution Pvt. Ltd. – MIS, sister concern of G21 Group have come up with integrated facility management solutions where we have three verticals I: SECURICORP for Security Management II: RESOURCESCORP for Employment Outsourcing III: ESTATECORP for Cleaning and Maintenance of Property. Since a decade, we have been working in service sectors with our own team of experts comprising Ex- Police and Army personnels, Law practitioners, Security and facility experts, HR and compliance experts.

Hence, with the best manpower and technology, we are ready to create a Secure and Productive environment for your esteemed organization with our integrated solutions. Give us an opportunity to serve you and we assure you that you will focus on your core business and use your time more productively.

Thanking you

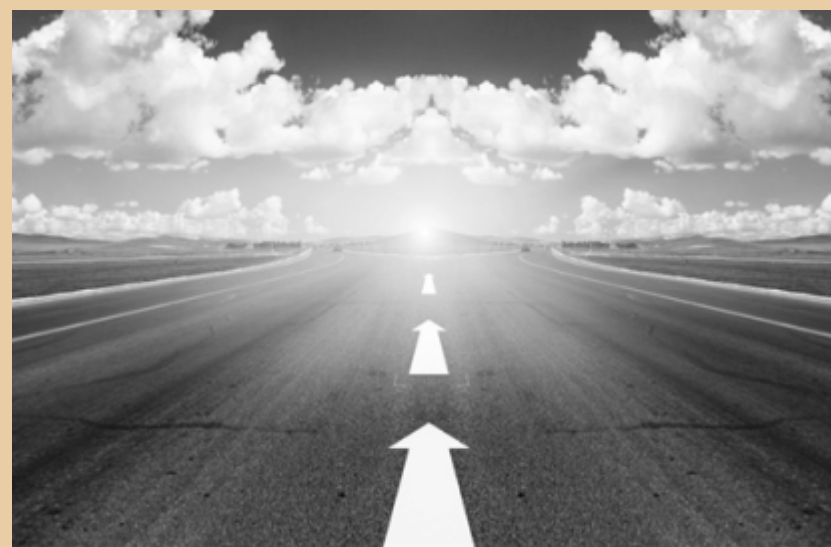

Rakesh Gaykar & Arun Walanj

## CORE CONCEPT

### VISION

To create day to day environment more secure and productive for individuals, organizations and society at large.

### MISSION

We do exist to help individuals and organizations for their problems with our right solutions so that they can become more productive and focus on their core business.

### VALUES

#### **DEDICATION**

We work with passion and focus to give excellence in every task that we undertake.

#### **LEARNING**

We believe in learning something new every day about our work and make it the best.

#### **RESPONSIBILITY**

We believe in taking responsibility for each & every challenge and win over it.

#### **HONESTY**

We work with honesty & transparency with our client to build trust and faith.

## ORGANISATION DETAIL

The foundation of MIS stands firmly with the joint efforts of our managing directors - Mr. Rakesh Gaykar, Mr. Arun Walanj and Mr. Pravin Pawar. Their versatile background and vision have been the springboard to the growth of our company.

Mr. Rakesh Gaykar - His presence adds to the youthful enthusiasm and innovation in our services and organization. Young and dynamic, he is spectacular in providing integrated facility solutions as per each client's requirement. He has successfully marked his presence in the security industry. Constantly working towards prompt services, immediate solutions and client satisfaction are a part of his routine.

Mr. Arun Walanj is an Ex-Asst. Commissioner of Police – Mumbai city, who held the sensitive post of being in charge of security branch C.V.D Mumbai city for more than two consecutive years. During his tenure, he had undergone specialized training in Internal Security Course of C.R.P.F – Mount Abu in December 2006. He has successfully handled the responsibility of coordinating the security arrangements of various foreign embassies especially the American Consulate, The British High Commission and Israeli Consulate. He also co-ordinated the security system of B.A.R.C as a Police representative. After the horrifying July-2006 train blasts in Mumbai city, he was also actively involved and preparing a security system report with S.O.P's for the security management of all commercial premises i.e. Multiplexes, Shopping malls and Big markets, etc. in Mumbai city.

Mr. Pravin Pawar – Director, Electronic Surveillance & Automation. Apart from the manual security, The Company is steadily moving towards the use of electronic and software secure system for effective and fail-proof security. The company is thriving towards the use of modern techniques for monitoring day to day security operations at the various commercial and residential sites under the expertise of Mr. Pravin Pawar, the mastermind of electronic and software security. His past experience and knowledge of modern methods of surveillance is an added feature of a security system. Under his able guidance, we take contracts of electronic security, automation and software secure as well as Annual Maintenance contract (AMC).

In order to ensure the Safety, Security and Integrated facility solutions of individuals, residentials, corporates and commercials you need the best and reliable service provider that's where MIS is the best options. Our integrated facility solutions cater to various sectors since a decade.
